1           **A**    I just want to make sure I'm understanding --

2           **Q**    And I --

3           **A**    -- you correctly.

4           **Q**    And I want to -- I want you to. So thank you

17 that -- I consider it part of my -- part of my job.  
18 That's what the University of Louisville hired me to do.

20 responsibilities.

22 Louisville was part of the interview process a  
23 commitment by you that you would do abortions at the EMW  
24 clinic?

25           **A**    Well, I -- I guess, you know, I saw it as
